The screenshot displays the course page for '城市轨道交通概论 (3)' on the Xueyin Online platform. The page includes a navigation bar with '课程', '教学资源库', '示范教学包', '项目', '合作单位', and '关于我们'. The main content area features a video player showing a person at a computer workstation. Below the video, there are statistics: 1777439 views, 1053 likes, and 1840 shares. The course details section lists the instructor as 张凤琴 (副教授 / 山东职业学院), the term as 第3期, and the dates as 2018-11-27 to 2019-01-10. The course progress is marked as '已结束'. The course introduction states that it helps students understand the basic concepts and positions of urban rail systems. The page also features a '智慧树' logo and a '在线学堂' button. The bottom section shows the course title '城市轨道交通概论' and '交通运输类 (0818)'. The '课程介绍' section provides a detailed description of the course's purpose and target audience. The '开课6学期' section shows that the course has been running since the 2021 autumn semester. The '累计选课 4,779 人' and '累计学校 16 所' statistics are prominently displayed. The page footer includes the text '本学期对公众开放学习' and '36 公众已学'.
